

SUMMARY OF CONTENTS

Chapter 1: FOUNDATIONS, DEVELOPMENT AND PRINCIPLES OF INTERNATIONAL ENVIRONMENTAL LAW		1
I.	Introduction	1
II.	The Nature of International Environmental Problems	4
III.	International Environmental Problems in Context	13
	A. International Environmental Law and the International System	27
	B. International Environmental Law in Geopolitical, Economic and Social Context	36
IV.	Principles of International Environmental Law: From Stockholm to Johannesburg and Beyond	45
	A. Overview	45
	B. The Stockholm Conference	46
	C. From Stockholm to Rio	64
	D. 1992 United Nations Conference on Environment and Development	81
	E. Sustainable Development from Rio to Johannesburg	109
	F. 2002 World Summit on Sustainable Development	134
Chapter 2: THE INFLUENCE OF SCIENCE, ECONOMICS AND ETHICS		159
I.	The Science of Ecology	159
	A. Basic Ecological Concepts	160
	B. The Gaia Hypothesis and Homeostasis	168
	C. Non-Equilibrium Ecology	170
	D. The Environmentalist World View	176
II.	Environmental Economics	179
	A. The Problems of Social Costs	179
	B. Environmental Accounting	192
	C. Agenda 21	197
III.	Environmental Ethics	201
	A. Religion-Based Ethics	201
	B. Secular Theories	206
	C. The Human Rights Approach	211
	D. Intergenerational Equity	215
	E. Equity Between the Industrialized and Developing Worlds	225
Chapter 3: THE NATURE AND SOURCES OF INTERNATIONAL ENVIRONMENTAL LAW		229
I.	Background	229
II.	Traditional Sources Doctrine	237
	A. Codifications	237

B. Customary International Law	243
C. International Agreements	282
III. Compliance, Implementation and Enforcement	287
A. Compliance Considerations	288
B. Municipal Implementation of International Law	302
C. Enforcement	316
IV. "Soft Law"	340
V. Principles	356
Chapter 4: THE ENVIRONMENTAL RESPONSIBILITY OF STATES	367
I. State Responsibility for Internationally Wrongful Acts	368
A. Introduction	368
B. Draft Articles on State Responsibility	371
II. State Responsibility for Environmental Harm	382
A. Introduction	382
B. Codifications	395
C. Case Law	431
Chapter 5: THE ENVIRONMENTAL RESPONSIBILITY OF NON-STATE ACTORS	509
I. International Organizations	509
A. Introduction	509
B. Legitimacy	516
C. Accountability	517
D. The Example of the World Bank	522
II. Non-State Actors and Environmental Responsibility	564
A. International Participants	564
B. Codes of Conduct and Environmental Management Systems	572
C. The Export of Hazard	588
D. Environmental Accidents	600
Chapter 6: TRANSBOUNDARY ENVIRONMENTAL HARM	641
I. Introduction	641
II. General Principles	642
A. Prevention of Environmental Harm	644
B. The Precautionary Principle	653
C. The Duty to Assess Environment Impact or Risks	658
D. Duties to Notify, Consult and Cooperate	685
III. Border Pollution	688
A. Introduction	690
B. Transboundary Industrial Accidents	710
C. Civil Liability Treaties	718
IV. Radiation Control	725
A. Civil Uses of Nuclear Energy	726
B. Nuclear Weapons	733

Chapter 7: SHARED FRESH WATER RESOURCES	745
I. Introduction	745
A. Water as an Essential Resource	745
B. Water as a Human Right	746
C. Sharing Water Resources	754
D. Scope of Chapter	757
II. The Case of the Danube River	760
III. Principles Governing Shared Watercourses	770
A. Sovereignty and Duty Not to Cause Harm	770
B. Equitable Utilization	778
C. Custom	782
IV. Codification of the Law of Watercourses	788
A. Background	788
B. Definition of Shared Watercourses	794
C. Equitable Utilization and the No-Harm Principle	796
V. Environmental Flows	815
VI. Conclusion	836
Chapter 8: THE MARINE ENVIRONMENT	841
I. Pollution of the Marine Environment	841
A. Overview	841
B. The Marine Environment and Law of the Sea	842
C. Vessel Sources of Marine Pollution	859
1. MARPOL 73/78 and Vessel Pollution	867
2. Civil Liability for Oil Pollution Damage	881
D. The United States Oil Pollution Laws	892
E. Land-Based Sources of Marine Pollution	900
1. Marine Pollution From Non-Point Sources	905
2. Protecting Marine Ecosystems	912
II. Radiation and the Sea	926
A. Dumping	938
B. Transport	940
III. Living Marine Resources Management	941
A. Straddling Fish Stocks	941
B. Living Resources in Zones of National Jurisdiction	959
C. Long-Line Driftnets	964
D. Marine Mammals: Whaling	979
Chapter 9: THE POLAR REGIONS	1005
I. Antarctica	1005
A. Introduction	1005
B. Security, Peace and Preservation of Sovereign Claims	1018
C. Scientific Research and Cooperation Advance with Species Protection	1029
D. Mineral Resource Potential and CRAMRA	1049
